TARIFF FORMAT

- A. Page Numbering** - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages existing pages with whole numbers, a decimal is added. For example, a new page added between pages 34 and 35 would be 34.1.
- B. Page Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th Revised Page 34 cancels the Original Page 34. Consult the check sheet for the page currently in effect.
- C. Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2
 - 2.1
 - 2.1.1
 - 2.1.1.A
 - 2.1.1.A.1
 - 2.1.1.A.1.(a)
 - 2.1.1.A.1.(a).I
 - 2.1.1.A.1.(a).I.(i)
- D. Check Sheets** - When a tariff filing is made with the Commission an updated check sheet accompanies the filing. The check sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There shall be no other symbols used on this sheet if these are the only changes made. The tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the Commission.

SECTION 2 - REGULATIONS**2.1 Undertaking of the Company**

The Company provides long distance message telecommunications service to customers for their direct transmission of voice, data and other types of telecommunications.

Communications originate when the customer accesses the Company directly or through the facilities of another carrier via one or more access lines, equal access or on a dial-up basis. The Company may act as the customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the customer, to allow connection of a customer's location to the Company's network. The customer shall be responsible for all charges due for such service arrangements.

The Company's services are provided on a monthly basis, unless otherwise stated in this tariff. Services are available twenty-four (24) hours per day, seven (7) days per week.

2.2 Limitations on Service

- 2.2.1** Service is offered subject to the availability of the necessary facilities and/or equipment and subject to the provisions of this tariff.
- 2.2.2** The Company reserves the right to discontinue furnishing service upon written notice, when necessitated by conditions beyond its control or when the customer is using the service in violation of the provisions of this tariff or in violation of the law.
- 2.2.3** To the extent that any conflict arises between the terms and conditions of a service agreement or other contract and the terms and conditions of this tariff, the tariff shall prevail.
- 2.2.4** Title to all equipment provided by the Company under this tariff remains with the Company.
- 2.2.5** The customer may not transfer or assign the use of service provided under this tariff except with the prior written consent of the Company. Such transfer or assignment shall only apply where there is no interruption in the use or location of the service, and all regulations and conditions contained in this tariff, as well as all conditions for service, shall apply to all such permitted assignees or transferees.

SECTION 2 - REGULATIONS (continued)

2.2 Limitations on Service (continued)

- 2.2.6** Customer may request Carrier to assign one or more sub-accounts for billing purposes, and to direct sub-account invoices to customer's affiliates or other designated entities for payment. Such requests shall not affect the liability of the customer, who shall remain solely liable to the Company for payment of all invoices for service requested and obtained by customer, whether invoiced by the Company to the customer, the customer's affiliates, or other designated entities.

2.3 Use of Service

Service may not be used for any unlawful purposes or for any purpose for which any payment or other compensation is received by the customer, except where the customer is a duly authorized and regulated common carrier.

2.4 Limitation of Liability

- 2.4.1** In view of the fact that the customer has exclusive control of its communications over the facilities furnished by the Company, and other uses for which facilities may be furnished by the Company, and because of the unavoidableness of errors incident to the services and to the use of such facilities of the Company, the services and facilities furnished by the Company are subject to the regulations and limitations specified herein.
- 2.4.2** The Company's failure to provide or maintain facilities under this tariff shall be excused by labor difficulties, governmental orders, civil commotions, acts of God and other circumstances beyond the Company's reasonable control, subject to the interruption allowance provisions under this tariff.
- 2.4.3** Defacement of premises - No liability shall attach to the Company by reason of any defacement or damage to the customer's premises resulting from the existence of the Company's equipment or facilities on such premises, or by the installation or removal thereof, when such defacement or damage is not the result of the negligence of the Company or its employees.

SECTION 2 - REGULATIONS (continued)**2.4 Limitations of Liability (continued)**

- 2.4.4** Indemnification - The Company's liability, if any, for its gross negligence or willful misconduct is not limited by this tariff. With respect to any other claim or suit by a customer or by any others, the customer indemnifies and saves harmless the Company against claims, losses or suits for injury to or death of any person, or damage to any property which arises from the use, placement or presence of the Company's equipment, facilities and associated wiring of the customer's premises and further the customer indemnifies and saves harmless the Company against claims for libel, slander, invasion of privacy or the infringement of copyright arising directly or indirectly from the material transmitted over the facilities of the Company or the use thereof by the customer; against claims for infringement of patents arising from combining with or using in connection with, facilities furnished by the Company and apparatus, equipment and systems provided by the customer; and against all other claims arising out of any act or omission of the customer in connection with the services or facilities provided by the Company. No agents or employees of other carriers shall be deemed to be agents or employees of the Company.
- 2.4.5** The Company's liability, if any, for its gross negligence or willful misconduct is not limited by this tariff. With respect to any other claim or suit, by a customer or any others, for damages arising out of mistakes, omissions, interruptions, delays or errors, or defects in transmission occurring in the course of furnishing service hereunder, the Company's liability, if any, shall not exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay, error, or defect in transmission or service occurs and continues. This liability shall be in addition to any amounts that may otherwise be due to the customer under this tariff as an allowance for interruptions. However, any such mistakes, omission, interruptions, delays, errors, or defects in transmission or service which are caused or contributed to by the negligence or willful act of the customer, or authorized user, or joint user, or which arise from the use of customer provided facilities or equipment shall not result in the imposition of any liability whatsoever upon the Company.
- 2.4.6** The Company shall not be liable for any damages, including usage charges, that the customer may incur as a result of the unauthorized use of authorization codes or communications equipment. The unauthorized use of communications equipment includes, but is not limited to, the placement of calls from the customer's premises, and the placement of calls through equipment controlled and/or provided by the customer, that are transmitted over the Company's network without the authorization of the customer. The customer shall be fully liable for all such usage charges.

SECTION 2 - REGULATIONS (continued)**2.5 Interruption of Service**

- 2.5.1** If a customer's service is interrupted other than by the negligence or willful act of the customer, and it remains out of order for eight normal working hours or longer after access to the premises is made available and after being reported to be out of order, appropriate adjustments or refunds shall be made to the customer. The amount of adjustment or refund shall be determined on the basis of the known period of interruption; generally beginning from the time the service interruption is first reported. The refund to the customer shall be a pro rata part of the monthly recurring charges (but not for per minute or per call charges) for the period of days and that portion of the service facilities rendered useless or inoperative. The refund may be accomplished by a credit on a subsequent bill for the service.
- 2.5.2** A credit allowance for interruptions of service which are not due to the Company's testing or adjusting, to the negligence of the customer, or to the failure of the channels, equipment, and/or communications systems provided by the customer, are subject to the general liability provisions set forth herein. It shall be the obligation of the customer to notify the carrier of any interruption in service. Before giving such notice, the customer shall ascertain that the trouble is not being caused by any action or omission by or within the customer's control and is not in wiring or equipment connected to the carrier terminal.

2.6 Restoration of Service

The use and restoration of service in emergencies shall be in accordance with the Part 64, Sub-part D of the Federal Communications Commission's rules and Regulations which specifies the priority system for such activities.

2.7 Customer Responsibility

- 2.7.1** All customers assume general responsibilities in connection with the provisions and use of the Company's service. When facilities, equipment and/or communication systems provided by others are connected to the Company's facilities, the customer assumes additional responsibilities. All customers are responsible for the following:
- A.** The customer is responsible for placing orders for service, paying all charges for service rendered by the Company and complying with all of the Company's regulations governing the service. The customer is also responsible for assuring that its users comply with regulations.

B. When placing an order for service, the customer must provide:

1. The names and addresses of the persons responsible for the payment of service charges, and
2. The names, telephone numbers, and addresses of the customer contact persons.

C. The customer must pay the Company for the replacement or repair of the Company's equipment when the damage results from:

1. The negligence or willful act of the customer or user;
2. Improper use of service; and
3. Any use equipment or service provided by others.

D. After receipt of payment for the damages, the Company will cooperate with the customer in prosecuting a claim against any third party causing damage.

2.7.2 Upon reasonable notice, the equipment provided by the Company shall be made available for such tests and adjustments as may be necessary to maintain them in satisfactory condition. No interruption allowance will be granted for the time during which such tests and adjustments are made.

2.7.3 Deposits

Applicants or customers whose financial condition is not acceptable to the Company or is not a matter of general knowledge, may be required to make, at any time, a cash deposit up to an amount equaling two times (2x) one (1) month's actual or estimated charges for the purpose of guaranteeing final payment for service, in accordance with the rules of the Commission. Interest on cash deposits will be payable per the deposit rules and regulations prescribed by the Commission for the period during which the deposit is held. Such deposit will be refunded or credited to the customer upon termination or after one year of prompt payment for service.

SECTION 2 - REGULATIONS (continued)**2.8 Responsibility of the Company (continued)****2.8.1 Calculation of Credit Allowance (continued)**

- C. Where there has been an outage, and a minimum usage charge applies, and the customer fails to meet the minimum usage, a credit shall be applied against that minimum. The credit shall equal 1/360th of the monthly minimum charges associated with the portion of service disabled for each period of two hours or major fraction thereof that the interruption continues.

2.8.2 Cancellation of Credit

Where the Company cancels a service or the provision of equipment and the final service period is less than the monthly billing period, a credit will be issued for any amounts billed in advance, prorated at 1/30th of the monthly recurring charge for each day the service was rendered or the equipment was provided. This credit will be issued to the customer or applied against the balance remaining on the customer's account.

2.8.3 Disconnection of Service by the Company

Upon five (5) days written notice, the Company may discontinue service or cancel an application for service without incurring any liability for any of the following reasons:

- A. Non-payment of any sum due to the Company for service for more than thirty days beyond the date of rendition of the bill for such service;
- B. Violation of any regulation governing the service under this tariff;
- C. Violation of any law, rule, or regulation of an government authority having jurisdiction over the service; or
- D. The Company is prohibited from furnishing services by order of a court or other government authority having jurisdiction.
- E. Customer uses equipment in such a manner as to adversely affect the Company's equipment or service to others.

SECTION 2 - REGULATIONS (continued)**2.8 Responsibility of the Company (continued)****2.8.4 Fractional Charges**

Charges for a fractional part of a month (which follows a full month) are calculated by counting the number of days remaining in the billing period after service is furnished or has been discontinued. The number of days remaining in the billing period are counted starting with the day after the service was furnished or discontinued. Divide that figure by thirty days. The resultant fraction is then multiplied by the monthly charge to arrive at the fractional monthly charge.

2.8.5 Insufficient Fund Checks

Customers will be charged \$20.00 on all checks issued to the Company which are returned due to insufficient funds. At the discretion of the Company, the insufficient funds check charge may be waived under appropriate circumstances (e.g. a bank error).

2.9 Taxes and Fees

2.9.1 All state and local taxes (e.g., gross receipts tax, sales tax, municipal utilities tax) are not included in the rates under this tariff, but shall be listed as separate line items on the customer's bill.

2.9.2 To the extent that a municipality, other political subdivision or local agency of government, or commission imposes and collects from the Company a gross receipts tax, occupation tax, license tax, permit fee, franchise fee, or regulatory fee, such taxes and fees shall, as allowed by law, be billed pro rata to the customer receiving service from the Company within the territorial limits of such municipality, other political subdivision or local agency of government.

2.9.3 Service shall not be subject to taxes for a given taxing jurisdiction if the customer provides the Company with written verification, acceptable to the Company and to the relevant taxing jurisdiction, that the customer has been granted a tax exemption.

2.9.4 The Company may adjust its rates or impose additional rates on its customer to recover amounts it is required by governmental or quasi-governmental authorities to collect from or pay to others. The Company may also adjust its rates or impose additional rates to cover the administrative cost of collecting such charges or paying compensation to other entities. Examples of such programs include, but are not limited to, the Universal Service Fund (USF), the Presubscribed Interexchange Carrier Charge (PICC), and compensation to pay telephone service providers for the use of their pay telephones to access the Company's services.

SECTION 2 - REGULATIONS (continued)**2.12 Toll Limitation**

(N)

CBAD may establish credit limits for new and existing residential customers based upon credit scores assigned by a commercial credit-reporting agency, or based upon the customers' payment history. Customers may request this service as a means of limiting their toll. Additionally CBAD or the Local Telephone Company on behalf of CBAD may implement Toll Limitation on its own, in order to limit its risk in regard to uncollectible accounts. Toll Limitation service is generally instituted in lieu of a deposit.

CBAD will inform customers when they place an order for new service if they are placed on Toll Limitation. When a customer is placed on Toll Limitation, at their own discretion or by CBAD, a letter will be sent to them outlining the specifics of Toll Limitation. Also, when a customer reaches a threshold limit of toll conversation minutes, a message will be played to that customer when they attempt to place their next toll call. This message will state that they have reached a threshold number of minutes and have only a certain number of available minutes before Toll Limitation is activated on their account. They will also be directed to contact CBAD if they have any questions.

Toll Limitation service will limit customers to eight hundred (800) minutes of unpaid toll usage. The 800 minutes of toll usage limitation is based on actual usage, not just usage that has already appeared on the customer's bill. The 800 minutes of usage consists of toll usage that is provided by CBAD.

Customers will be blocked from initiating toll calls after hanging up on a call that carries them past 800 minutes of accumulated unpaid toll minutes. Once blocked, customers will not be able to begin making toll calls again until they have paid the full amount of toll charges owed.

Customers subject to Toll Limitation implemented by CBAD or by the local telephone company on behalf of CBAD may pay a deposit instead of having their toll access limited. In such case, the amount of the deposit will be based on a minimum of 800 minutes of toll usage per month.

SECTION 3 - LONG DISTANCE SERVICES**3.1 Timing of Calls**

3.1.1 The customer's monthly usage charges for the Company service are based upon the total number of minutes the customer uses and the service options to which the customer subscribes. Chargeable time begins when the connection is established between the calling station and the called station or PBX. Chargeable time ends when the either party hangs up. If the called station hangs up but the calling station does not, chargeable time ends when the connection is released by automatic timing equipment within the telecommunications network.

3.1.2 No charges apply if a call is not completed.

3.2 Start of Billing

For billing purposes, the start of service is the day following acceptance by the customer of the Company's service or equipment. The end of service date is the last day of the minimum notification of cancellation or any portion of the last day, after receipt by the Company of notification of cancellation as described in Section 2 of this tariff.

3.3 Interconnection

Service furnished by the Company may be interconnected with services or facilities of other authorized communications common carriers and with private systems, subject to the technical limitations established by the Company. Service technical limitations established by the Company. Service furnished by the Company is not part of a joint undertaking with such other carriers. Any special interface equipment of the Company and other participating carriers shall be provided at the customer's expense.

Interconnection with the facilities or services of other carriers shall be under the applicable terms and conditions of other carriers' tariffs. The customer is responsible for taking all necessary legal steps for interconnecting its customer-provided terminal equipment or communications systems with the Company's. The customer shall secure all licenses, permits, right-of-ways, and other arrangements necessary for such interconnection.

SECTION 3 - LONG DISTANCE SERVICES (continued)**3.4 Terminal Equipment**

The Company's service may be used with or terminated in customer provided terminal equipment or customer provided communication systems, such as teleprinter, handsets, or data sets. Such terminal equipment shall be furnished and maintained at the expense of the customer, except as otherwise provided. The customer is responsible for all costs at its premises, including customer personnel, wiring, electrical power, and the like incurred in its use of the Company's service.

The customer shall ensure that its terminal facilities are of the proper mode, band-width, power, data, speed, and signal level for the intended use of the customer, and that the signals do not damage the Company's equipment, injure personnel or degrade service to other customers.

If the customer fails to maintain and operate its terminal equipment properly, resulting in the occurrence or possibility of harm to the Company's equipment or personnel, or impairment to the quality of service to other customers, the Company may, upon written notice, require the use of protective equipment at the customer's expense. If this fails to produce satisfactory quality and safety of service, the Company may, upon written notice, terminate the customer's service.

3.5 Calculation of Distance

Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The Company uses the rate centers and associated vertical and horizontal coordinates that are currently being used within the industry.

Formula:

$$\sqrt{\frac{(v_1 - v_2)^2 + (h_1 - h_2)^2}{10}}$$

3.6 Minimum Call Completion Rate

The customer can expect a call completion rate of 99% per 100 calls attempted during peak use periods for all Feature Group D (1+) services. The Company will engineer its switching systems on the basis that ninety-nine percent (99%) of the customers accessing their system will be served during the busy hour.

3.7 Special Service Arrangements

Special Service Arrangement charges will be based on the estimated cost of furnishing such services including the cost of operating and maintaining such a service, the cost of equipment and materials used in providing such a service, the cost of installation including engineering, labor supervision, transportation, and the cost of any other specific item associated with the particular Special Service Arrangement request. All special service arrangements will be in writing and filed with the Commission.

SECTION 3 - LONG DISTANCE SERVICES (continued)(M)
(M)**3.8 General**

The Company offers Message Telecommunications Service or MTS, Inbound 800 Service, Calling Card Service and Operator Assisted calling programs. The customer's total monthly use of Carrier's service is charged at the applicable rates per minute set forth herein.

3.8.1 Message Telecommunications Service (MTS)

MTS or 1+ dialing is achieved by when the LEC programs the customer's telephone lines to automatically route 1+ calls to the Company's network. Unless noted otherwise, residential MTS service is billed in sixty (60) second increments with a sixty (60) second minimum and business service is billed in six (6) second increments with a thirty (30) second minimum.

3.8.2 Toll Free (i.e., 800/888) Service

Toll Free Service is inbound telecommunications service which permits calls to be completed to the customer's location without charge to the calling party. Access to the service is gained by dialing a ten-digit telephone number which terminates at the customer's location. Toll Free Services originate via normal shared use facilities and are terminated via the customers' local exchange service access line.

The Company will accept a prospective Toll Free Service at customer's request for up to ten (10) toll free telephone numbers and will reserve such numbers on a first-come first-served basis. All request for Toll Free Service number reservations must be written, dated and signed by the customer. The Company does not guarantee the availability of numbers until assigned. The requested Toll Free Service telephone numbers, if available, will be reserved for and furnished to the customer.

If a customer who has received a Toll Free Service number does not subscribe to Toll Free Service within thirty (30) days, the Company reserves the right to re-assign the number to another customer.

The following optional features are available with the toll free service.

Time of day routing allows the customer to change the telephone number where the toll free telephone number terminates. The toll free telephone number can be re-routed to four different terminating telephone numbers based on three variables: time of day (1/2 hour increments); day of the week; and holiday schedule.

(T)

Area code blocking permits customers to select the area codes from which they may receive calls.

800 Directory Service provides the customer with the option to have their 8XX number listed in directory assistance.

(T)

Payphone Blocking will block all calls to the customer's toll free number(s) from payphones when the LEC/CLEC sends the payphone indicator in the call setup message. In instances where the indicator is not sent, the customer will be responsible for the payphone surcharges for all calls made from payphones to their toll free number(s).

3.12 Operator Services

Operator services are available to Consumers from any Customer location. Operator Services allows the Consumer to place a call from a Customer location and arrange for billing other than to the originating telephone number. Calls are rounded up to the next whole minute for billing purposes and are billed to the Consumer through the monthly bill of the Consumer's local exchange carrier.

The following billing arrangements are available to Consumers through the Company's Operator Services:

a) Customer Dialed Calling/Credit Card

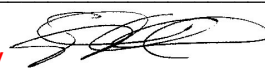

This is a service whereby the end user dials all of the digits necessary to route and bill the call without any operator assistance. Such calls may be billed either to a telephone company issued calling card or a commercial credit card.

SECTION 4 – DEDICATED LONG DISTANCE SERVICE

4.1 General

(N)

- 4.1.1 Dedicated Long Distance Service is an interexchange service that consists of local access facilities that connect the customer premise with CBAD's point of presence and are "dedicated" to long distance traffic. The facilities are provided by CBAD through a lease agreement with a competitive access provider or a local exchange company.
- 4.1.2 The long distance, per minute rates and the monthly service fees associated with the local access facility are based on the customer's commitment to a specific contract term and monthly minimum.
- 4.2.3 Call detail will be available on the Care.anydistance.com website. The customer will be able to generate reports and payment history and to download bill records using this website.
- 4.1.4 Optional features are available to customers subscribing to Dedicated Long Distance Service.
- 4.1.4.1 PRI Data Channel - This feature provides a customer with the ability to transmit and receive multiple voice and data circuit switched calls simultaneously over a single facility.
- 4.1.4.2 8XX Enhanced Routing – This feature provides the customer with the ability to route toll free numbers based on time of day, day of week and/or holiday schedule.
- 4.1.4.3 8XX Point of Origination Routing – This feature allows toll free calls to be routed based on the callers automatic number identification (ANI).
- 4.1.4.4 8XX Overflow – This feature allows toll free calls to overflow automatically to another dedicated or switched facility.
- 4.1.4.5 8XX Dialed Number Identification Service (DNIS) - This feature delivers the toll free number that the caller dialed to the customer's line.
- 4.1.4.6 8XX Directory Assistance listing – This feature allows a customer's name and toll free number to be listed in directory assistance.
- 4.1.4.7 Automatic Number Identification (ANI) Delivery - This feature provides the customer with the originating caller's ANI.
- 4.1.4.8 Account Codes – This feature provides the customer with the ability to track long distance usage by requiring a code to be entered before allowing a long distance call from the customers line to be completed. Account codes enable the customer to obtain call detail from the Company that is sorted and summarized based on the code entered by the callers.
- 4.1.4.9 Verified Account Codes – This type of account code allows a customer to specify the number of digits as well as the specific digits to be used prior to completion of a long distance call on the customer's line.
- 4.1.4.10 Non-verified Account Codes – This type of account code allows a customer to specify the number of digits to be used prior to completion of a long distance call. All codes within the specified number of digits will allow a long distance call to complete.

4.2 Terms and Conditions

(N)

- 4.2.1 Monthly usage will be measured beginning with the second month after the customer's service activation date. If the customer's usage is less than the minimum commitment, the customer will pay to CBAD the difference between the minimum commitment and the actual usage. The following charges do not apply to the minimum commitment: switched voice, calling card, nonrecurring charges, feature charges, charges for dedicated access facilities, taxes, fees and other surcharges.
- 4.2.2 Rates contained in this tariff apply to Customer's long distance service terminating in the continental United States.
- 4.2.3 Unless otherwise specified, for billing purposes, the minimum call duration for non-calling card outbound and inbound calls is thirty (30) seconds. In addition, unless otherwise specified usage is measured thereafter in six (6) second increments. All calls are rounded up to the nearest cent.
- 4.2.5 In the event of early termination of the contracted service, the subscriber shall pay CBAD a lump sum consisting of the following charges:
- 4.2.5.1 all unpaid charges for service previously rendered;
- 4.2.5.2 seventy-five (75%) of the minimum monthly commitment and monthly recurring charges multiplied by the number of months remaining in the term;
- 4.2.5.3 where CBAD provides the local access, one hundred percent (100%) of the local access fees multiplied by the number of months remaining in the contract;
- 4.2.5.4 a pro-rata payback of all fees that were waived.
- 4.2.6 Commission approval of the termination liability for Dedicated Long Distance Service contracts or arrangements is not intended to indicate that the Commission has approved or sanctioned any terms or provisions contained therein. Signatories to such contracts shall be free to pursue whatever legal remedies they may have should a dispute arise.
- 4.2.7 Upon completion of the term payment plan the customer may renew their contract at the current tariffed rates. If the customer does not renew their contract and does not elect to discontinue service, CBAD will furnish service to the customer at the 1-year rates associated with a zero monthly minimum commitment.

SECTION 6 - OBSOLETE SERVICES (continued)**6.4 Obsolete Service Offerings Formerly Offered by Coastal Telecom Limited Liability Company (continued)****6.4.5 Prepaid Calling Card Service****A. General**

Prepaid Calling Card Service is voice grade switched telecommunications service that allows an end user to place calls charged to prepaid cards issued by Coastal Telecom Limited Company (hereafter referred to as Coastal). The end user accesses the Coastal network by dialing the appropriate 800 number printed on the back of the card.

B. Unit Value

Coastal Prepaid Calling Card may be obtained from Coastal or authorized resellers/agents of Coastal in various denominations with a per unit value not to exceed \$0.60, inclusive of all taxes. One unit equals one minute (or fraction thereof) of domestic calling. These prices apply twenty four (24) hours a day, seven (7) days a week.

C. Collector's Card Value

In certain instances, an additional cost will be added to the card to cover the cost of printing, set up, enhanced features, etc. Additionally, Coastal will provide Prepaid Calling Cards where the card itself has value (i.e. includes a picture of a licensed property or because of the materials used in the production of the card) distinct from the value of the underlying telecommunications service.

The value of the telecommunications service (in units or dollars) will be indicated on the card. The rates, terms, and conditions will be those of the Unit Value stated in subsection B above.

D. Availability of Service

Coastal Prepaid Calling Card Service is available twenty-four (24) hours a day, seven (7) days a week. The number of available prepaid cards is subject to technical limitations. Such cards will be offered to customers on a first come, first served basis. Prepaid Calling Card Service can be accessed through touch-tone telephones only.

- Calls to Directory Assistance.
- Operator Assisted Calls.

F. Card Depletion/Renewal/Expiration

1. Depletion

Coastal Prepaid Calling Card Service will be reduced and depleted based upon customer usage. At the beginning of each call, the user will be notified as to the amount of minutes available on the card. Customers will be given a minimum notice of one minute before the available card balance is depleted. When the balance of available time is depleted, the call will be terminated.

2. Renewal

The end user can extend the use of the Coastal Prepaid Calling Card by charging additional units on an authorized major credit card. The system will "voice prompt" the user through the process necessary to purchase these additional increments. An on-line credit check will be done to ensure that approved credit is available.

3. Expiration

Coastal Prepaid Calling Cards are non-refundable and some cards will expire on the date specified on the card while others will expire one (1) year from the date of first use.

This service is designed for customers who have inbound 800 needs in addition to outbound calling needs. The service will combine the outbound and 800 calls from all locations of the customer and aggregate the usage to be applied to a single discount schedule. Calls will be rated based on geographic origination/termination and time of day. Outbound calls will be placed through equal access or on a dial-up basis. 800 calls will be completed through the customer's 800 number. This step will help Applicant attract more subscribers and make it more competitive with other sellers of long distance telecommunications services.

6.5.1.19 Small Business 800

Customers of this service will receive calls through one 800 number from any point within the continental United States with these calls automatically translated to the customer's POTS line.

SECTION 7 – TOLL PLANS**7.1 Service Descriptions (Continued)****7.1.31 Switched Voice Contracts – Business**

(N)

This plan offers business customers outbound, switched long distance rates that are based on specific contract terms and monthly minimum commitments. For billing purposes, calls associated with this plan are rounded up to the nearest cent. The monthly call detail associated with this plan is provided to the customer via a website.

Beginning with the first month after the service activation date, the customer's usage will be measured to see if the minimum commitment has been met. If the customer's usage is less than the minimum commitment, the customer will pay to CBAD the difference between the minimum commitment and the actual usage. The following charges are not included when calculating the minimum commitment: calling card, nonrecurring charges, feature charges, taxes, fees and other surcharges.

In the event of early termination of the contracted service, the subscriber shall pay CBAD a lump sum consisting of the following charges:

all unpaid charges for service previously rendered;

fifty percent (50%) of the minimum monthly commitment and monthly recurring charges multiplied by the number of months remaining in the term;

Commission approval of the termination liability for switched voice contracts or arrangements is not intended to indicate that the Commission has approved or sanctioned any terms or provisions contained therein. Signatories to such contracts shall be free to pursue whatever legal remedies they may have should a dispute arise.

Upon completion of the term payment plan the customer may renew their contract at the current tariffed rates. If the customer does not renew their contract and does not elect to discontinue service, CBAD will furnish service to the customer on a month-to-month basis at the 1-year rates associated with a \$100 monthly minimum commitment.
